I talked to Mike Boots about the King Coal Highway EIS. He said that we should feel free to begin a dialogue about the need for a new/supplemental EIS with FHWA and provided the contact below for us to work with. He also suggested looping in the Corp. Who is in the best position to contact FHWA and get the ball rolling on this?

Robert M. Sussman

Senior Policy Counsel to the Administrator

Office of the Administrator

US Environmental Protection Agency
